

Bird Seed Ornaments:

Ingredients

- ½ Cup (125 millilitres) water
- 2½ tsp (11.75g) unflavoured gelatin
- 3 Tbsp (45 millilitres) Syrup
- ¾ Cup (175g) flour
- 4 Cups (900g) bird seed

Method

- Whisk the unflavored gelatin into a glass of hot but not boiling water until the gelatin has dissolved
- Add in the syrup and stir until it has dissolved
- In a separate bowl, mix together the bird seed with flour until thoroughly combined
- Slowly pour the gelatin solution into the bird seed and flour, and mix well
- Spray the inside of a cookie cutter with nonstick spray
- Place the cookie cutters on a large sheet of wax paper or nonstick cooking foil
- Spoon the bird seed mixture into the cookie cutter. Press the seed mix into the cookie cutter until it feels firm and compact.
- Make a hole near the centre of your ornament. The hole will allow you to tie the ornament onto the tree
- Place the bird seed ornaments overnight in the fridge to dry
- Tie a piece of string through the hole in each ornament leaving enough space to hang on a tree branch
