

Bravecto® Spot-on for Cats

- 3 months of protection against ticks, fleas and mites.
- Lasts 3 times longer than traditional spot-on treatments.
- Single dose applicator with a twist top for convenience.
- Stay protected with only 4 treatments per year.
- It is absorbed through the skin and dries quickly, no sticky spots or messy residue.
- Once absorbed, it cannot be washed off.
- Suitable for all cats older than 11 weeks, weighing at least 1.2kg.
