

# Bravecto® Spot-on for Dogs

- Provides tick, flea and ear mite protection.
- Available in 5 sizes: Miniature Dogs (2 - 4.5kg), Small Dogs (4.5 - 10kg), Medium Dogs (10 - 20kg), Large Dogs (20 - 40kg) and Extra Large Dogs (40 - 56kg).
- Ideal for when you are dealing with a fussy dog that won't eat a Bravecto chew.
- Product is applied directly to the skin and lasts longer than the chew, giving 4 months protection against ticks and 6 months protection against fleas.
- Fast-acting protection and convenient to use.
- For dogs and puppies from 8 weeks old.
- The efficacy of Bravecto® Spot-on is unaffected by bathing and swimming but 3 days should be allowed between treatment and bathing and/or swimming.
