

Cute Christmas cookies for Canines!

You will need:

- 2 cup flour (whole wheat best)
- 1 tbsp baking powder
- 1 cup peanut butter
- 1 cup non-fat plain greek yoghurt
- Mini Christmas cookie cutters (optional)

Preheat oven to 190° C

Combine all the ingredients to form a soft dough. If the mixture is too dry, add water as needed. Roll out the dough on baking paper/floured surface and use your cookie cutters to cut the dough or make little balls of dough and press them flat to make small round cookies. Place the cut cookies onto lightly greased baking paper and bake for 15-20 minutes.
