

Youthful Vitality - Fight the effects of ageing

Watch for the tell tail signs of ageing:

T – THINKING – Your pet is now confused by ordinary things like how to find their bed, or barking for no reason

A – ACTIVITY – Naps have become more appealing than active play, running or jumping

I – INTERACTIONS – Your pet doesn't socialise with you as much as before

L – LOSS OF CONTROL – Your pet is well trained but has started having accidents

S – SLEEP-WAKE CYCLE – Sleeping patterns have changed with more awake time during the night

Youthful Vitality has been specially designed for pets 7 years and older and formulated for a beautiful mind, body and soul. The recipe includes natural ingredients like fruits and vegetables, added fatty acids, antioxidants, vitamins and minerals and other amino acids - all aiding in reducing the effects of ageing.

- Brain Function – Powerful antioxidants for a healthy brain to support desire for family interaction
- Energy and Vitality – Protein and L-carnitine support improved activity and the ability to get moving
- Healthy Immune System – Vitamin C & E help bolster a strong immune system

- Healthy Digestive System – High quality, easy-to-digest ingredients with great taste
- Luxurious Coat – Essential fatty acids promote a coat with increased shininess and softness
- Natural – No added artificial preservatives, flavours or colour
